EU4H-2023-PJ-12

Call for proposal: action grants to contribute to the organisations of conference and events (OA-g-23-89)

Info Day
30 June 2023

Adrian Pereș, dHoU
EU4Health and health research, Unit C3
DG SANTE

This presentation shall neither be binding nor construed as constituting commitment by the European Commission

Background and policy context

- **organisation of conference and events during 2023, 2024 or both, which support the promotion and development of the European Health Union policies and the implementation of Union health legislation.**

- **There is a need to**

  - (i) timely identify upcoming health challenges and priorities and involve all interested parties, in finding possible solutions and alternative ways to address such challenges;

  - (ii) provide information to individuals for preventing and responding to diseases

  - (iii) join efforts with the beneficiaries of the EU funds to inform and communicate about the actions implementing the EU4Health Programme and the results obtained;

  - (iv) promote the Union health policies complementing the national health policies of the EU Member States.

European Commission

Objectives

- **to support the organisation of <u>not-for-profit</u>, <u>EU-wide</u> <u>high-level</u> <u>science-policy-society events</u> that bring together <u>all interested parties such as</u> citizens, patients, practitioners, academics and scientists, policy makers from local, regional, and EU level.**

- **to promote and contribute to the development and implementation of the European Health Union touching in a comprehensive way the most salient health issues and EU health priorities.**

- **Oher useful details:**

  - Up to three proposals of different sizes from will be accepted

  - <u>Priority will be given to</u> proposals covering <u>several types of health challenges</u> in <u>several Member States</u> and <u>beyond the EU</u> (the EU global health initiatives and policies)

  - include considerations and <u>state-of-the art activities to facilitate the exchange of ideas</u> and identification of Union-wide and/or global solutions to major health challenges

  - a discussion on <u>how to work better together at EU level</u> on one or more health-related topics

  - <u>involve Member States' authorities</u> and <u>relevant stakeholders</u> to exchange information and good practices on relevant topics in the field of public health

European Commission

Strand

- **cover one or more strands of the annual work programme and have clearly defined specific objectives**

- **the thematic areas and sub-areas to be covered may include <u>one or more</u> of the below mentioned topics:**

  - (i) health care systems and workforce including in relation to demographic changes;

  - (ii) One health approach;

  - (iii) pharmaceuticals;

  - (iv) digital transition across health challenges;

  - (v) major non-communicable diseases such as mental health, cancer, cardiovascular;

  - (vi) European Health Union: what's next?

- **(!) Priority will be given to proposals covering <u>several types of the above topics</u> in several Member States, and <u>beyond the EU where necessary</u>.**

European Commission

Activities that can be funded

- **The proposals should include at least one of following activities:**
  - a) effective mobilisation of a broad audience with participation of policy makers (EU, national, regional and where necessary global levels), academia, industry, civil society including patients' organisations and other relevant representative);
  - b) provide a platform for a sounding board to explain Eu health initiatives and health societal challenges;
  - c) sustainable outreach activities beyond the event with multiplier effect including on social media;
  - d) facilitate high-level policy dialogues attracting relevant health actors from different relevant sectors;
  - e) the use of innovative approaches in running the event are a plus.
- **(!) Priority will be given to proposals covering several of the above activities. .**

European Commission

Specific mandatory deliverables and/or milestones

- **dedicated pages on the existing website** of the organisation; dedicated sessions to Commission policy priorities; etc

- **relevant online, electronic and <u>limited printed</u> materials during and post event**

- **comprehensive and impartial event report** based on contribution from a broad audience participating on-site and online to the event

- **streaming live services** (at least for some parts of the event e.g. plenary sessions), **recordings** (in line with GDPR)

- **relevant social media activity such as Twitter, LinkedIn, and other relevant social media.**

   (!) In addition, the event/conferences must have <u>a wide European Union dimension</u>, with <u>as many participants as possible from EU Member States and associated countries to the EU4Health Programme</u>;

European Commission

Expected impact and indicators

Expected impact

- **contribute to the development and implementation of the European Health Union**

- **have a Union-wide dimension**

- **focus on current cross-cutting Union policy issues**

- **involve public or non-profit making entities, well established, credible and with expertise on organising events in public health domain topics.**

- **include high level speakers and a representative number of stakeholders**

Indicators:

- **Total number of participants (onsite and online)**

- **Number of participants by sector, organisation and type of expertise, Member State, and level of responsibility of the participant**

- **The duration of the social media dissemination post event**

European Commission
