Background and policy context

- **The work programme supports the organisation of conference and events during 2024 or 2025 which will meet the objectives of Regulation (EU) 2021/522**
- **There is a need to**
 - (i) timely identify upcoming health challenges and priorities and involve all interested parties, in finding possible solutions and alternative ways to address such challenges;
 - (ii) provide information to individuals for preventing and responding to diseases
 - (iii) join efforts with the beneficiaries of the EU funds to inform and communicate about the actions implementing the EU4Health Programme and the results obtained;

Objectives

- **to support the organisation of not-for-profit, Union-wide high-level science-policy-society events that bring together all interested parties such as citizens, patients, practitioners, scientists, policy makers from local, regional, and Union level.**
- **the events will cover important health topics that are related to the Union's health priorities, and thereby contribute to the development and implementation of the European Health Union.**
- **Other useful details:**
 - A discussion on how to work better together at Union level on one or more health-related topics.
 - Involve Member States', third countries associated to the EU4Health Programme authorities and relevant stakeholders to exchange information and good practices on relevant topics in the field of public health.
 - Events that correspond to the general or specific objectives and the priorities of the EU4Health Programme and which have a Union-wide dimension.

Strand

- **cover one or more strands of the annual work programme and have clearly defined specific objectives**
- **the thematic areas and sub-areas to be covered may include one or more of the below mentioned topics:**
 - (i) health care systems and workforce including in relation to demographic changes;
 - (ii) One health approach;
 - (iii) pharmaceuticals;
 - (iv) digital transition across health challenges;
- **(!) Priority will be given to proposals covering several types of the above topics in several Member States, and beyond the EU where necessary.**

Activities that can be funded

- **The proposals should include at least one of following activities:**
 - a) effective mobilisation of a broad audience with participation of policy makers (EU, national, regional and where necessary global levels), academia, industry, civil society including patients' organisations and other relevant representative);
 - b) provide a platform for a sounding board to explain EU health initiatives and health societal challenges;
 - c) sustainable outreach activities beyond the event with multiplier effect including on social media;
 - d) facilitate high-level policy dialogues attracting relevant health actors from different relevant sectors;
 - e) the use of innovative approaches in running the event are a plus.
- **(!) Priority will be given to proposals covering several of the above activities.**
- **(!!) Priority will be given to proposals covering several types of health challenges in several Member States and beyond the EU**

Specific mandatory deliverables and/or milestones

- **dedicated pages on the existing website** of the organisation; dedicated sessions to Commission policy priorities; etc
- **relevant online, electronic and limited printed materials during and post event**
- **comprehensive and impartial event report** based on contribution from a broad audience participating on-site and online to the event
- **streaming live services** (at least for some parts of the event e.g. plenary sessions), **recordings** (in line with GDPR)
- **relevant social media activity such as Twitter, LinkedIn, and other relevant social media.**

(!) In addition, the event/conferences must have a wide European Union dimension, with as many participants as possible from EU Member States and associated countries to the EU4Health Programme;

Expected impact and indicators

Expected impact

- **To have a Union-wide dimension.**
- **To focus on current cross-cutting Union policy issues.** The events will not focus on a specific condition or disease.
- **To promote the European Health Union and its different initiatives.**
- involve public or private entities with expertise on organising events in public health domain topics.
- include high level speakers and a representative number of stakeholders

Indicators:

- **Total number of participants (onsite and online)**
- **Number of participants by sector, organisation and type of expertise, Member State, and level of responsibility of the participant**
