

Programmes for eradication, control and surveillance of animal diseases and zoonoses submitted for obtaining EU financial contribution

Annex I.c: Programme for the control and eradication of classical swine fever or African swine fever

Member States seeking an EU financial contribution for national programmes of eradication, control and surveillance shall submit online this document completely filled out by the 31 May of the year preceding its implementation (part 2.1 of Annex I to the Single Market Programme Regulation).

Due to the late adoption of the SMP regulation all programmes will be submitted to be approved technically for 2021 and 2022.

Therefore, this document shall also be filled out and submitted after selection of the options:

This programme is multiannual: "YES"

Request for Union cofinancing from beginning 2021 to end of 2022.

If encountering difficulties:

- concerning the information requested, please contact SANTE-VET-PROG@ec.europa.eu.

- on the technical point of view, please contact SANTE-BI@ec.europa.eu, include in your message a printscreen of the complete window where the problem appears and the version of this pdf:

Instructions to complete the form:

1) You can attach documents (.doc, .xls, .pdf, etc) to complete your report using the button "Add attachments" on the last page of the form.

2) Before submitting this form, please use the button "Verify form"(bottom right of each page). If needed, complete your pdf document as indicated.

3) When you have finished completing this pdf document, save it on your computer.

4) Verify that your internet connection is active and then click on the "Submit notification" button and your pdf document will be sent to our server. A submission number will appear on your document. Save this completed document on your computer for your record.

5) For simplification purposes you are invited to submit multi-annual programmes.

6) You are invited to submit your programmes in English. Document version: 2021 2.1.1

Member state : FRANCE

Disease : African Swine Fever

Species : Domestic pigs and wild boar

This program is multi annual :

Type of submission :

Request of Union co-financing from beginning :

To end of

First year of implementation of the programme described in this document:

1. Contact data

Name

Phone

Email

Your job type
within the CA :

Submission Date

Friday, July 16, 2021 14:22:01

Submission Number

1626438121930-17185

Standard requirements for the submission of programme for eradication, control and monitoring

2. *Historical data on the epidemiological evolution of the disease*

Provide a concise description of the following indicators :

- *Number of serologically positive domestic pigs compared to previous year*
- *Number of virologically positive domestic pigs compared to previous year*
- *Number of serologically positive wild boar/feral pigs compared to previous year*
- *Number of virologically positive wild boar/feral pigs compared to previous year*
- *An assessment of the evolution of the indicators along the years is requested as well as obstacles and constraints identified that hamper the progress of eradication.*

(max. 32000 chars) :

Les autorités sanitaires belges ont recouvré le statut indemne de peste porcine africaine (PPA) en novembre 2020 par décision de la Commission européenne et en décembre 2020 par acceptation de leur déclaration par l'OIE.

En conséquence, aucune zone réglementée PPA n'est actuellement présente à la frontière franco-belge.

Dans ce contexte, le programme de surveillance et de lutte contre la PPA n'est plus éligible pour le cofinancement en 2021. Toutefois, pour maintenir le niveau de sensibilisation des acteurs et du grand public à la PPA, la campagne de communication PPA sera poursuivie en 2021 et 2022.

3. *Description of the submitted programme*

Provide a concise description of

- *The programme with its main objective(s). In case of a long time strategy, interim objectives for each year should be specified.*
- *Target population*
- *Main measures : active/passive surveillance in holdings, active/passive surveillance in wild boar-feral pigs, vaccination in holdings, vaccination of wild boars-feral pigs, monitoring efficacy of vaccination, eradication measures*
- *Areas of implementation of the programme*

(max. 32000 chars) :

Les prestations liées à la communication sont de trois ordres :

- L'adaptation ou la réalisation de supports de communication sur la PPA (maquette de documents, traductions des messages en 10 langues, montage vidéo...)
- L'achat d'espace dans la presse agricole et dans la presse cynégétique
- L'achat d'espace sur Internet (bannières et rédactionnels) ainsi que sur les réseaux sociaux (Facebook...)

Ces supports sont accessibles en ligne sur le site du MAA : <https://agriculture.gouv.fr/peste-porcine-africaine> la campagne de communication 2020.

Standard requirements for the submission of programme for eradication, control and monitoring

4. Measures of the submitted programme

4.1 Organisation, supervision and role of all stakeholders involved in the programme

Describe

- The competent authorities (CA) involved in the implementation of the programme and their responsibilities
- Other stakeholders involved in the implementation of the programme, their role and their communication channels with the CA.

(max. 32000 chars) :

Les campagnes de communication sur la peste porcine africaine sont réalisées par la Mission de valorisation des actions et de la stratégie (MIVAS) de la direction générale de l'alimentation (DGAL) du ministère de l'agriculture et de l'alimentation en collaboration avec les services "métiers"

4.2 Description and demarcation of the geographical and administrative areas in which the programme is to be implemented

Describe the name and surface of the areas where the following activities are implemented (if administrative units are not used, describe the natural or artificial boundaries used to determine the geographical areas) :

- 1) Surveillance in holdings/wild boar
- 2) Vaccination in holdings/wild boar and monitoring the efficacy of the vaccination
- 3) Describe risk areas if they have been defined
- 4) Describe WAMTA (ASF programme)

Add maps.

(max. 32000 chars) :

Les campagnes de communication sont déployées sur l'ensemble du territoire. Les supports de communication sont diffusés sur les grands réseaux et infrastructures de transport (autoroutes, aéroports...), valorisés sur les réseaux sociaux et les supports numériques du ministère de l'agriculture et de l'alimentation, diffusés ou relayés dans la presse.

4.3 Description of the measures of the programme

4.3.1 Notification of the disease

(max. 32000 chars) :

Non applicable

Standard requirements for the submission of programme for eradication, control and monitoring

4.3.2 Target animals and animal population

Describe

- The pig industry, type and number of farms
- Feral pigs-wild boar distribution in the country
- Target population
 - for surveillance and or vaccination in holdings
 - for surveillance and or vaccination in feral pigs/wild boar

(max. 32000 chars) :

Non applicable

4.3.3 Identification of animals and registration of holding including detailed reference to relevant Union legislation and its implementation in the Member State for this disease

(max. 32000 chars) :

Non applicable

4.3.4 Rules of the movement of animals including detailed reference to relevant Union legislation and its implementation in the Member State for this disease

(max. 32000 chars) :

Non applicable

4.3.5 Surveillance and inspection regime

Describe

- The test used, when are to be used and in which animals
- Sampling schemes at holding level and at animal level and the criteria to include an animal or a holding in the sampling scheme
- Sampling scheme in wild populations
- Inspection regime in farms (commercial and backyards)

(max. 32000 chars) :

Non applicable

Standard requirements for the submission of programme for eradication, control and monitoring

4.3.6 Vaccines used and vaccination schemes including detailed reference to relevant Union legislation and its implementation in the Member State for this disease

Describe

- Vaccines to be used in the programme
- In case of feral pigs, type of holdings to be vaccinated
- In case of feral pig-wild boar, bait density to be achieved in each area of the programme
- Sampling scheme and tests used to verify the efficacy of the vaccination

(max. 32000 chars) :

Non applicable

4.3.7 Biosecurity requirements applicable to farms (commercial and backyards) and to hunting grounds.

(max. 32000 chars) :

Non applicable

4.3.8 Measures in case of a positive result including detailed reference to relevant Union legislation and its implementation in the Member State for this disease

A description is provided of the measures as regards positive animals and detailed reference to the Union legislation provisions (slaughter, destination of carcasses, use or treatment of animal products, the destruction of all products which could transmit the disease or the treatment of such products to avoid any possible contamination, a procedure for the disinfection of infected holdings, the therapeutic or preventive treatment chosen, a procedure for the restocking with healthy animals of holdings which have been depopulated by slaughter and the creation of a surveillance zone around infected holding). A definition of a suspicion and of a confirmation should be provided, with detailed measures implemented in both situation and how the herd is requalified as free after a positive result.

(max. 32000 chars) :

Non applicable

4.3.9 Description of the slaughtering policy (in ASF programmes). Describe under which circumstances a farm will be slaughtered/culled and, if any, types of preventive slaughtering/culling regimes applied.

(max. 32000 chars) :

Non applicable

Standard requirements for the submission of programme for eradication, control and monitoring

4.3.10 Compensation scheme for owners of slaughtered and killed animals

(max. 32000 chars) :

Non applicable

4.3.11 Control on the implementation of the programme and reporting including detailed reference to relevant Union legislation and its implementation in the Member State for this disease

(max. 32000 chars) :

Non applicable

4.3.12 Measures implemented in wild boar (in ASF programmes).

Describe

- how sustained feeding is avoided.
- average amount of food distributed in hunting grounds per month and km²
- sampling, collection / delivery and removal of dead wild boar and compensation scheme applied

(max. 32000 chars) :

Les messages de sensibilisation sont adressés aux chasseurs, gestionnaires des parcs et enclos de chasse et au public réalisant des activités de loisir en forêt.

4.3.13 Describe the raising awareness actions to be implemented.

(max. 32000 chars) :

Les prestations liées à la communication sont de trois ordres :

- L'adaptation ou la réalisation de supports de communication sur la PPA (maquette de documents, traductions des messages en plusieurs langues, montage vidéo...)
- L'achat d'espace dans la presse professionnelle (agricole, cynégétique...)
- L'achat d'espace sur Internet (bannières et rédactionnels) ainsi que sur les réseaux sociaux (Facebook...)

Ces supports sont accessibles en ligne sur le site du MAA : <https://agriculture.gouv.fr/peste-porcine-africaine> la campagne de communication 2020

Standard requirements for the submission of programme for eradication, control and monitoring

5. *Benefits of the programme*

A description is provided of the benefits of the programme on the economical and animal health points of view.

Describe

- progress expected compared to the situation of the disease in the previous years, in line with the objectives and expected results
- cost efficiency of the programme including management costs

(max. 32000 chars) :

Les campagnes de communication permettent de sensibiliser les acteurs impliqués dans la lutte et la surveillance de la PPA ainsi que le grand public. Elles sont une composante essentielle de la politique qui vise à prévenir et empêcher l'apparition de la maladie sur le territoire français.

Standard requirements for the submission of programme for eradication, control and monitoring

B. Targets

B.1 Disease surveillance in domestic pigs to be carried out

Targets for year : **2021**

Country	Region	Type of farms	Total number of farms	Number of farms to be sampled	Number of animals to be sampled	Expected number of farms with serologically positive result	Expected number of farms with active infection detected	
								X
Totals : 0			0	0	0	0	0	
Add a new row								
Total number of animals to be sampled in MS (blood)						0		

B.1b Disease surveillance in domestic pigs to be carried out (organ)

Country	Region	Type of farms	Total number of farms	Number of farms to be sampled	Number of animals to be sampled	Expected number of farms with serologically positive result	Expected number of farms with active infection detected	
								X
Totals : 0			0	0	0	0	0	
Add a new row								
Total number of animals to be sampled in MS (organ)						0		

Standard requirements for the submission of programme for eradication, control and monitoring

B.1 Disease surveillance in domestic pigs to be carried out

Targets for year : **2022**

Country	Region	Type of farms	Total number of farms	Number of farms to be sampled	Number of animals to be sampled	Expected number of farms with serologically positive result	Expected number of farms with active infection detected		
								X	
Totals : 0			0	0	0	0	0		
Total number of animals to be sampled in MS (blood)								Add a new row	
								0	

B.1b Disease surveillance in domestic pigs to be carried out (organ)

Country	Region	Type of farms	Total number of farms	Number of farms to be sampled	Number of animals to be sampled	Expected number of farms with serologically positive result	Expected number of farms with active infection detected		
								X	
Totals : 0			0	0	0	0	0		
Total number of animals to be sampled in MS (organ)								Add a new row	
								0	

B.2 Disease surveillance in feral pigs/wild boar to be carried out

Standard requirements for the submission of programme for eradication, control and monitoring

Targets for year: **2021**

Country	Region	Estimation of the population	Method of estimation used	Species	Type surveillance	Number of animals to be tested	Expected animals positive	
								X
Totals :		0				0	0	
						Add a new row		
						<i>Animals sampled Active in MS</i>	0	
						<i>Animals sampled Passive in MS</i>	0	
						<i>Animals sampled - Total in MS</i>	0	

Targets for year: **2022**

Country	Region	Estimation of the population	Method of estimation used	Species	Type surveillance	Number of animals to be tested	Expected animals positive	
								X
Totals :		0				0	0	
						Add a new row		
						<i>Animals sampled Active in MS</i>	0	
						<i>Animals sampled Passive in MS</i>	0	
						<i>Animals sampled - Total in MS</i>	0	

Standard requirements for the submission of programme for eradication, control and monitoring

B.3 Feral pigs/wild boar oral vaccination to be carried out

B.4 Stratified data on diagnostic test and results

Targets for year : **2021**

Country	Region	Animal population	Laboratory tests used	Type of sample	Number of animals to be tested	Number of tests to be carried out	Expected number of positive results	Comments	
									X
Totals :					0	0	0		
					Add a new row				
Total tests ELISA in MS						0			
Total tests PCR in MS						0			
Total tests Virus isolation/virological test in MS						0			
Total tests IPT in MS						0			
Total tests (Other) in MS						0			

Targets for year : **2022**

Country	Region	Animal population	Laboratory tests used	Type of sample	Number of animals to be tested	Number of tests to be carried out	Expected number of positive results	Comments	
---------	--------	-------------------	-----------------------	----------------	--------------------------------	-----------------------------------	-------------------------------------	----------	--

C. Detailed analysis of the cost of the programme

C.1. Cost per year

The blocks are repeated multiple times in case of first year submission of multiple program.

To facilitate the handling of your cost data, you are kindly requested to:

1. Fill-in the text fields IN ENGLISH
2. Limit as much as possible the entries to the pre-loaded options where available.
3. If you need to further specify a pre-loaded option, please keep the pre-loaded text and add your clarification to it in the same box.

Costs of the planned activities for year :

2021

1. Sampling							
Cost related to	<u>Specification</u>	Number of samples	Unitary cost in EUR	Total amount in EUR	Union funding requested	Cofinancing rate	Requested Union contribution in EUR
Sampling	Domestic animals sampled	0	5.26	0	no	50	0
Sampling	Wild boar sampled - active surveillance	0	10	0		50	0
Sampling	The information of the finding of dead/hunted wild boar for further sampling, testing and removal/safe disposal by the competent authorities (passive surveillance)	0	10	0	no	50	0
Sampling	Dead/hunted wild boar sampled, including the delivery of the sample to the competent authorities (passive surveillance)	0	20	0	no	50	0
Sampling	The removal/safe disposal of dead/hunted wildboar (passive surveillance)	0	40	0	no	50	0
2. Testing							

Standard requirements for the submission of programme for eradication, control and monitoring

Cost related to	<u>Specification</u>	Number of tests	Unitary cost in EUR	Total amount in EUR	Union funding requested	Cofinancing rate	Requested Union contribution in EUR	
Testing	ELISA	0	7.59	0	no	50	0	
Testing	PCR	0	28.13	0	no	50	0

Standard requirements for the submission of programme for eradication, control and monitoring

C.2. Financial informaton

1. Identification of the implementing entities - financial circuits/flows

Identify and describe the entities which will be in charge of implementing the eligible measures planned in this programme which costs will constitute the reimbursement/payment claim to the EU. Describe the financial flows/circuits followed.

Each of the following paragraphs (from a to e) shall be filled out if EU cofinancing is requested for the related measure.

a) Implementing entities - **sampling**: who performs the official sampling? Who pays?
(e.g. authorised private vets perform the sampling and are paid by the regional veterinary services (state budget); sampling equipment is provided by the private laboratory testing the samples which includes the price in the invoice which is paid by the local state veterinary services (state budget))

(max. 32000 chars):

Les campagnes de communication sont réalisées par la mission de valorisation des actions et de la stratégie (MIVAS) de la direction générale de l'alimentation (DGAL) du ministère de l'agriculture et de l'alimentation (MAA) en collaboration avec les services "métiers."

b) Implementing entities - **testing**: who performs the testing of the official samples? Who pays?
(e.g. regional public laboratories perform the testing of official samples and costs related to this testing are entirely paid by the state budget)

Standard requirements for the submission of programme for eradication, control and monitoring

(max. 32000 chars):

Non applicable

c) Implementing entities - **compensation**: who performs the compensation? Who pays?
(e.g. compensation is paid by the central level of the state veterinary services,
or compensation is paid by an insurance fund fed by compulsory farmers contribution)

(max. 32000 chars):

Non applicable

d) Implementing entities - **vaccination**: who provides the vaccine and who performs the vaccination? Who pays the vaccine? Who pays the vaccinator?
(e.g. farmers buy their vaccine to the private vets, send the paid invoices to the local state veterinary services which reimburse the farmers of the full amount and the vaccinator is paid by the regional state veterinary services)

(max. 32000 chars):

Non applicable

Standard requirements for the submission of programme for eradication, control and monitoring

e) Implementing entities - **other essential measures**: who implements this measure? Who provides the equipment/service? Who pays?

(max. 32000 chars) :

Les campagnes de communication sont réalisées par la mission de valorisation des actions et de la stratégie (MIVAS) de la direction générale de l'alimentation (DGAL) du ministère de l'agriculture et de l'alimentation (MAA) en collaboration avec les services "métiers."

2 Co-financing rate (see provisions of applicable Work Programme)

The maximum co-financing rate is in general fixed at 50%. However based on provisions of Article 5.2 and 5.3 of the Regulation (EU) No 652/2014, we request that the co-financing rate for the reimbursement of the eligible costs would be increased:

- Up to 75% for the measures detailed below
- Up to 100% for the measures detailed below

Standard requirements for the submission of programme for eradication, control and monitoring

3. Source of funding of eligible measures

All eligible measures for which cofinancing is requested and reimbursement will be claimed are financed by public funds.

yes

no

4. Additional measures in exceptional and justified cases

In the "*Guidelines for the Union co-funded veterinary programmes*", it is indicated that in exceptional and duly justified cases, additional necessary measures can be proposed by the Member States in their application.

If you introduced these type of measures in this programme, for each of them, please provide detailed technical justification and also justification of their cost:

Non applicable

Standard requirements for the submission of programme for eradication, control and monitoring

Attachments

IMPORTANT :

- 1) The more files you attach, the longer it takes to upload them .
- 2) This attachment files should have one of the format listed here : jpg, jpeg, tiff, tif, xls, xlsx, doc, docx, ppt, pptx, bmp, pna, pdf.
- 3) The total file size of the attached files should not exceed 2 500Kb (+- 2.5 Mb). You will receive a message while attaching when you try to load too much.
- 4) IT CAN TAKE **SEVERAL MINUTES TO UPLOAD** ALL THE ATTACHED FILES. Don't interrupt the uploading by closing the pdf and wait until you have received a Submission Number!
- 5) Only use letters from a-z and numbers from 1-10 in the attachment names, otherwise the submission of the data will not work.
